# City 300

The **VISION DOOR** gives an unprecedented view of the whole preparation process of your drink, from grinding the coffee beans to dispensing the selected cup through the automatic, rotating door.

**TRANSPARENT COFFEE CANISTER WITH VACUUM SYSTEM TECHNOLOGY**  
coffee beans  
freshness  
perception

**Stainless steel SELF-ADJUSTING GRINDERS**

**Volumetric COFFEE DOSER**

**Preheated stainless steel COFFEE CHAMBER**, for a perfect extraction since the first coffee

Thanks to the **DucAle COFFEE BREWER** and the **VACUUM SYSTEM**, the quality of the espresso based drinks is always excellent, just like in a coffee bar. The coffee brewer with stainless steel brewing chamber and automatically adjustable grinder-doser allows the quality to remain excellent, drink after drink. The aroma and freshness of the coffee beans remain unaltered for a long time thanks to the vacuum system.

## City 300

turns your coffee break into a moment of real pleasure.

**City 300 is the ground-breaking DucAle table top model** which boasts, in limited dimensions, all the technology you'd expect to find in the top of the range, freestanding machines. The DucAle user experience is unique, thanks to captivating aesthetics, technical innovation and the high quality of the dispensed drinks.

The **AUTOMATIC OPENING AND CLOSING** of the delivery area allows an easy collection of the drink without any contact with the machine and guarantees, at the same time, an **uncontaminated** internal environment.

The **TOUCH SCREEN** dramatically widens both the drinks offer and the customization options. The 12" touch screen with its intuitive and attractive interface, allows the user to select a tailor made drink in only few seconds.

This model forecast **TWO TOPPING OPTIONS** for the drinks ensuring that every taste and customer request can be satisfied.

**DUAL CUP TECHNOLOGY**  
two different cup size to maximize the taste of drinks

Up to **6 INSTANT CANISTERS** of different capacities

**2 AVAILABLE TOPPINGS**, unique solution to satisfy every wish

The **DUAL CUP** and **PLOTTER** systems enhance the consumer experience. The chosen drink is delivered in the cup to which it is most suited, and served like in a coffee bar.
